## MRS. D. L. DESMOND

Dies at Her Home on East Fourth  
Street Sunday Morning at 8  
O'clock Following an Illness  
of Heart Trouble Brought  
on by Pneumonia.

Mrs. D. L. Desmond died at her home on East Fourth street yesterday morning about 8 o'clock following a long illness of heart trouble brought on by pneumonia. Mrs. Desmond was stricken with the latter disease about a year ago and since that time had never fully recovered from its effects.

Mrs. Desmond was 41 years of age. Her maiden name was Miss Anna Huffey. She was married in 1903. Her husband and two children survive. She is also survived by her mother and five sisters, Mary, of Rock Island, Ill., Mrs. Thomas McCale, Mrs. T. J. Cauley and Miss Nellie Huffey of Cincinnati, and Miss Thelma Huffey of this city.

Mrs. Desmond was a devoted member of the St. Patrick's Church of this city and was always a good wife and mother and a splendid neighbor. Her many friends attest to her splendid Christian life.

The funeral will be held from St. Patrick's Church Tuesday morning at 9 o'clock. Burial will be made in the Washington Cemetery.

At Carr's Fourth Street yard—Black Hetsy and Yellow Jacket Hock Conf.

Mayville Blue Grass Band at the Princess Rink today.

## LAURANT, THE MAGICIAN TONIGHT

Laurant's program, when he appears on the High School course, January 22, will be made up of the latest wonders in magic, big illusions, impersonations and musical numbers. He has four assistants, and the entire company will be elaborately costumed. The Laurant Instrumental trio, consisting of three talented young women, will furnish music during intermissions and throughout the program.

Among the novelties to be introduced are "The Phantom Bride" and "Pandora's Box". In the former a beautiful young girl in bridal attire appears to fall asleep. At the command of the magician she slowly rises until she apparently floats in mid air. Then while resting in space she is made to vanish suddenly, leaving behind only a bridal veil.

A human skull, after being shown freely for examination by the audience is placed upon a sheet of glass. Soon it seems endowed with life, answering questions in a most wonderful way.

Reserved seats at William's Drug Store. Get yours early or they will all be taken.

## EXECUTOR'S NOTICE

Parties having claims against the estate of Mrs. Sarah A. Power, deceased, will present same, properly verified, to me, at my office in First-Standard Bank building, for settlement. Those owing the estate are hereby notified to make prompt payment. J. G. WADSWORTH, Executor.

## A GREAT NEED

In an Annual County Fair for Mayville to Be Held in the Early Fall—Company Should Be Organized to Promote Same—Would Be Great Thing for This City and County.

For some several years there has been a growing sentiment in this city and county to hold a genuine old country fair in Mayville during the early part of the fall. Such a fair as was held many years ago and many of the residents of the city well remember the popularity of the old Mayville Fair which annually drew thousands of people to this city.

Mayville is the key to the Bluegrass region of Kentucky. Being itself on the outskirts of this region, it is the natural exit for the products of that wonderful region of Central Kentucky. Situated in one of the most fertile counties in the entire state and adjacent to the best counties in southern Ohio bordering it is the place where all of the products of the farms can easily be brought into it. The largest city for fifty miles around, the second largest livestock market on the globe, railroad connection to all of the cities in the state, all combine to make Mayville the leading town of its size in the country.

But with all of its splendid location and many facilities for quick travel, Mayville does not have a fair, one of the old fashioned kind, where the band plays, the horses are hitched proudly as they prance through the arena, the horse races, the floral hall with its many exhibits of farm products, the large, dusty, prespiring, happy crowds, drinking pink lemonade and scattering peanut shells. Such are the glories of a country fair and Mayville is without these.

Mayville people certainly love a fair. This can be seen when one sees the large crowds that annually attend the Ripley and Germantown fairs. Hundreds of Mayville people are drawn by the irresistible attraction. What people cannot get at home they will get elsewhere.

We would suggest the organization within the next few weeks of a body of men composed of the leading business and professional men of this city with the purpose of promoting a fair and getting it for Mayville. We believe that there are enough men in the city interested in the movement to start things going. They should bring a fair to Mayville, for certainly it will benefit the city in more ways than one.

The Ledger offers its heartfelt support and co-operation for the support of the fair and will boost and help it in any way possible.

## GIRLS WIN; BOYS LOSE

In the basketball games at Augusta on Friday night the girls' team of the Mayville High School defeated the Augusta five by the score of 26 to 0. The local boys were defeated, 27 to 20. The girls' game was merely a walkway for the Mayville team. This is the second game the girls have won, both from Augusta and both have been very decisive.

The boys were not so fortunate however. The second team of the High School went down. They led the Augusta team until about the middle of the second half, when their opponents began to start baskets. The final score was 27 to 20.

The following were the members of the teams going:  
Misses Elsie Heller, Corinna Slye, Aileen Herry, Edna Stevens, Margaret Smith, Frances Thomas, Frances Dixon Ball, Esculene Traxel, Eleanor Wood, Elizabeth Calvert and Louise Adair; Messrs. B. E. French, Clifford Thomas, Pierce Browning, Raymond Dawson, Foster Barbour and Harold Caplinger.

## FUNERAL SERVICES OF MR. JOHN CRANE

The funeral of Mr. John Crane was held from the home on Fifth street yesterday afternoon at 2 o'clock. A large number of sorrowing friends and relatives were present despite the bad weather. The Rev. S. K. Hunt, pastor of the Third Street M. E. Church, of which Mr. Crane was a member, preached the funeral sermon. Burial was made in the Mayville Cemetery. The following gentlemen were the pallbearers: Messrs. J. H. Richardson, W. A. Wood, John Walsh, D. C. Knight, Henry Brodt and Albert Hill.

## MYSTERIOUS FIRES

The people of Sardis are very much excited over several mysterious fires that have been in that neighborhood during the past several weeks. Several homes and buildings have been burned but so far the firebug has not been found. In one instance bloodhounds were used to follow the criminal but after trailing him for some distance, cayenne pepper thrown on the ground caused them to abandon it. If the man is caught it will certainly go hard with him as the residents of that town are very angry over the many fires.

## OPENS NEW GROCERY

Mr. Dewey Paul has resigned his position with J. C. Cahill and Son and has opened a first class grocery of his own. Mr. Paul has a host of friends and we are sure that he will make a great success in his new business. He is a hustling young man and is bound to succeed.

Mrs. H. A. Foreman the wife of Dr. H. A. Foreman, who is the District Superintendent of the Cincinnati-Mayville District is in the city. Mrs. Foreman, who is President of the Woman's Home Missionary Society of the Lexington Conference will address the members and friends Monday evening, January 21, 1917. All are invited.

## ELECTED DOMESTIC SCIENCE TEACHER

Miss Frances Geisel, who for the past several years has been a student in State University at Lexington, Ky., was elected as Domestic Science teacher by the Board of Education of the Public Schools at a called meeting on Saturday night. Miss Geisel will complete her course in that university this spring but nevertheless will come to this city to take up the work. She will return to Lexington on Saturdays and keep up her work in the school in order that she may receive her diploma at the end of the term.

## THERE ARE MISTAKES AND MISTAKES

We see in this morning's Independent that "Our sister village of Mayville is in the throws of one of the worst floods it has ever experienced in many years." We wonder where the flood will be thrown.

We also note that the local space writers are reviving the Bluegrass League.

## A FINE BOY

Mr. and Mrs. Robert Nash of Fifth street are rejoicing over the arrival of a fine seven and a half pound boy at their home last night at 7:15 o'clock. Bob is wearing the smile that won't come off.

## BIG WATERS

In the Ohio Are Beluz Expected by the River Men—Marsh of Cincinnati Predicts a 65 Foot Stage.

The rains of Sunday certainly put the scare in the large number of Mayvillians who passed through the 1913 flood and many of them are anxiously watching the state of the weather to determine whether or not a cold wave is coming. According to a dispatch the weather for today will be colder and for Tuesday fair and colder still. That certainly sounds good and all can testify to the fact that the weather man is right in his prognostications for today.

A total of 1.29 inches of rain fell yesterday, which in addition to the snow made all of the creeks and branches run wild for several hours. Weather forecaster Marsh of Cincinnati has predicted a 65 foot stage of the river within the next two weeks, but if this prediction comes as close to the mark as it did recently the stage of the river will be 44 feet.

The river at this point is 23.5 this morning and rising rapidly. A rise of 6 feet was recorded during the night but local rivermen say that the river will not go over 55 feet. This will make enough river to stop traffic between the East End and lower section of the city. The cold wave will have the tendency to check the rise.

## WILL PROBATED

In the Mason County Court Saturday a paper bearing the date of October 27, 1915, and purporting to be the last will and testament of Thomas F. Kilgore, deceased, was produced in court and ordered led. The due execution of said paper was proven by the testimony of J. A. Dodson and James B. Key, attesting witnesses thereto, and admitted to probate. By the terms of the will Mr. Kilgore left his entire estate to his wife.

## MAN FOUND DEAD

William D. Heatt, aged 70, was found dead on the pike between Kenton and Claysville schoolhouse in Robertson county, one day last week. He was on the way to a neighbors to assist in stripping a crop of tobacco and was stricken with heart disease, dying on the road. He was one of that county's splendid citizens and was unmarried.

Mrs. Carrie Moore and Miss Esther Stevens of Cincinnati are visiting Mrs. Bernice Layton of East Second street.

## AGE'S ADVANTAGES

"One special advantage of middle age I will here gratefully record. I now do, in matters of amusement, only what I know, amuses me. As a young man there were many things I felt bound to do, because other people did them; because they were fashionable; because it was natural for a young man to do them, and I did not wish to appear slow or exceptional, and for other equally lame reasons.

"But now I know my own mind. I only go to houses where I know I shall feel at home—formerly I was incapable of declining an invitation.

"I now have no difficulty in refusing to do what I do not like, except in cases where some sacrifice must be made for good fellowship, as, for instance, if a party of bridge cannot be made up without me.

"If I am asked to ride a friend's horse, I say no. If I am asked to play golf, I say I do not play it. If I am asked if I would like to go over and lunch with some tiresome neighbors, I say frankly that it would not amuse me."

So writes a man over 40 years old in the New York Telegram, and while these doubts are no compensations to be found in the quiet life of middle years, it is advisable that the man over 40 resist the tendency to accept too readily the easy rather than the near-strenuous existence.

This writer admits that he cannot quite do as he likes, as in the case of making up a rubber at bridge. It is just as well that the demands of good fellowship occasionally take him to the card table or other amusement whether he will or not—and the chances are he enjoys the game.

Too much advantage can be taken of the quiet possibilities of the middle years. Like many another human blessing they are terrible in their abuse. Better by far to be dancing at 40 than to be nursing a pet hypochondria. Better to be young for one's years than old at one's age.

As the saying hath it, we are a long time dead; and as one may phrase it, many folk are a long time old.—Louisville Times.

## THE SAVING HABIT

If you are one of the sensible ones, who believe in "cutting corners" to save a little for the future, you have doubtless envied those with the same income who seem to be having such a good time out of life.

It is probable that at times you feel your struggle and self-denial will not be balanced by all you can save for the future.

Then you are ready to quit. You would like to lie down on the job.

Drive such a thought from you.

Easier far to go without luxuries now than to go without necessities in the years to come.

Just because some friends of yours spends all he makes is no reason for you to be so foolish.

Is anything worse than a penniless old age?

In the "sinking sun days" of your life you will need things—comforts which money will buy.

Young and active, you can get along without many things, the cost of which means comfort in your old age.

Deny yourself today for comfort tomorrow.

## OUR COSTLY FADS

Fads! Food fads and needless waste are responsible for a good part of the increased cost of living. The rise in flour to prices exemplified in this generation comes at a time when we have a law that foolishly forbids millers to blend a small portion of flour made from corn with flour made from wheat. This would make flour cheaper and add to its nutritive value, yet the law forbids it, just as it forbids the manufacture of oleomargarine even when made of the most wholesome materials, unless it pays a high tax which, of course, is a burden upon the consumer. An edible and very digestible butter is now being made in part from the oil of cocoanuts and we presume that this will also be taxed to death at the behest of the butter-ankers. Drastic cold storage regulations have interfered seriously with the storage of food products in times when they are plentiful for times when they are scarce, and this has added to the cost of living. Pure food laws are needed, but when we carry them to ridiculous extremes somebody must foot the bill and that somebody is always the dear, long-suffering, patient, shoulder-burdened public.

## WHEN YOU ARE TIRED, QUIT

We repeat—when you're tired, quit.

That doesn't mean, necessarily, quit work.

It means quit spending so much time in other ways that you don't get enough sleep to furnish you with the proper working energy.

You can, of course, keep going on black coffee and your nerves.

But when you spend more energy than you are getting, you're issuing checks against your future health.

And as these checks are cashed the balance dwindles.

One "night" tonight must be repaid in later life—with compound interest.

## IT IS HIS NATURE

A great many reasons are advanced for exodus of negroes in response to the promises made them of employment in the Northern states, but one reason is sufficient; the negro is nomadic by nature; he always wants to go somewhere; he is seldom settled for good in any place; he camps rather than domesticates. It is said that he is the victim of adverse conditions, ill treated, half paid and oppressed. Not so, as a general thing. He is what he is, for the most part. Education probably will cure much of this restlessness, but in the present status it must be expected that the negro will travel, whenever he is offered the chance. As we have said, it is his nature.—Mobile Register.

Mr. Bryan may find that he can lead the donkey to water, but that he can't make him drink.—Boston Transcript.

## WILSON URGES LIVELY ACTION—WANTS REFORM LEGISLATION ON THE STATUTE BOOKS MARCH 4.

Washington, January 19—Members of the Senate steering committee today were earnestly urged by President Wilson to get into lively action on administration legislative measures so that the entire program of reforms advocated by the President when he entered the White House might be on the statute books by March 4.

To impress upon the Democratic leaders his views, the President made another trip to the Senate office building and he discussed the clogged legislative calendar with Senators Kern, Williams, Thomas, Reed, James and Chamberlain for more than two hours. He made it clear that he was anxious for action on all measures he outlined at the beginning of the session, including railroad labor legislation as the paramount issue, water-power and other conservation bills, a corrupt practices measure, the Webb collective foreign selling agency measure, and the Porto Rican citizenship bill together with the big appropriation bills and necessary revenue legislation.

Admitting that this is a big undertaking in view of the fact that there are less than thirty-six legislative days remaining in the life of the Sixty-fourth Congress, administration leaders are considerably perturbed over the situation. The steering committee has been called to meet again Monday, when an effort will be made to agree on a program to be submitted to a caucus of Senate Democrats.

Many Senators expressed grave doubt tonight that the program could be put through because of opposition to much of the legislation proposed. The water power and mineral land leasing bills are in bitter dispute. The President's proposal for a railroad strike prevention bill pending investigation has not even gotten out of the Interstate Commerce Committee and the Webb bill is certain to encounter obstacles.

In view of this there is much talk about the capital of the probability of an extra session of the Sixty-fifth Congress, although the President and administration leaders say that the legislative wheels may be so greased and speeded as to avoid it.

## NEW TYPE OF PUEBLO, UNATTACHED TO CLIFFS, DISCOVERED IN COLORADO PARK

Washington, D. C., January 19—A new type of prehistoric building—a pueblo constructed in the open and unattached to cliffs—has been discovered in the Mesa Verde National Park, in Colorado, by Dr. J. Walter Fawkes, of the Smithsonian Institution.

In announcing the discovery tonight the institution estimated that the specimen may date back six centuries.

Dr. Fawkes believes there may be scores of similar structures nearby. It contains 40 domestic rooms and 4 circular ceremonial kivas on the two floors resurrected, and there are evidences that originally a third story topped the structure.

For the most rapid photography a camera has been invented in which the film is automatically shifted by the shutter closing and which is fitted with a pistol grip to aid in aiming it, at the same time keeping it level.

Agricultural Implements, canned meats, glassware and woolen goods are in demand at Cape Town, South Africa.

## AFTER SICKNESS

How to Recover Strength.

So many Maysville people are asking how to recover their strength after sickness that we are publishing this information for their benefit.

After grippe, pleurisy, pneumonia or any illness what you need is new strength and richer blood.

The most certain way to get this is by taking Vinol which contains beef and cod liver peptones, iron, manganese peptones, and glycerophosphates. It creates strength, improves the blood, sharpens the appetite and restores the entire system to a healthy robust condition.

North, Adams, Mass.—"After a long illness of pneumonia I was left in a weakened, delicate condition, and for a long time had searched for a body-builder and strength creator. I was attracted by an advertisement of Vinol, and tried a bottle, and soon noticed a vast improvement. I continued its use for a while, and am now as able bodied and strong as any man in town." Samuel Wood, North Adams, Mass.

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. J. C. Pecor Drug Co., Maysville, Ky. Also at leading drug stores in all Kentucky towns.

## EDISON STORAGE BATTERY MOST DESIRABLE TYPE

Washington, January 19—Secretary Daniels received today, and will submit to Congress, a long report on the Edison submarine storage battery, from Lamar Lyndon, an expert, who recently made inspections and tests at Thomas A. Edison's request.

The report summarized the advantages and disadvantages of the battery, noting particularly that it will not generate the deadly chlorine gas and concluded it is the most suitable type now obtainable for submarine use.

Edison's batteries have been installed on some of the new submarines of the navy, and a naval board recently reported unfavorably upon them.

## 5 BANDITS KILLED IN GUN FIGHT WITH POSSE

Oklmulgee, Okla., January 19—One of the most daring bands of outlaws who have been terrorizing Oklahoma by repeated and sensational bank robberies for many months, was broken today. In the opinion of the county authorities, when three of the bandits were killed during a gun fight with a pursuing posse. One other member of the gang was killed yesterday and another was captured.

Six times since January 1, has the gang given battle to posses and four outlaws have been killed, one wounded and one taken prisoner. Three members of pursuing posses have been shot and killed.

TRAXEL'S  
"THE HOUSE OF QUALITY"

Caesar, Napoleon, Bismarck and others were not above the superstition of "lucky" and "unlucky" days. Thursday was the "unlucky" day of Henry VIII., of his son Edward, and of his daughters, Mary and Elizabeth. It is strange that they should have died on this day.

Bicycles and electrical goods, such as toasters and stoves, are needed in Uruguay.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### REVENUE BILL IS COMPLETED--CAUCUS OF DEMOCRATIC REPRESENTATIVES TO BE CALLED TO APPROVE MEASURE

Washington, January 19--A tentative draft of the administration revenue bill was completed today by a House Ways and Means subcommittee. It will be laid before Democratic members of the full committee Monday and a caucus of the House Democrats may be called some time next week to approve it as a party measure.

The bill proposes to raise \$236,000,000 from a tax on excess profits of business and increased rates on inheritances, and \$289,000,000 from a bond issue. A provision may be incorporated later to increase to \$300,000,000 the maximum amount of certificates of indebtedness which may be issued to tide the treasury over until the new taxes come in. The treasury now has authority to issue not exceeding \$200,000,000 of these certificates, limited to a year and to three per cent interest.

In levying the excess profits tax of eight per cent upon all profits of corporations and co-partnerships in excess of eight per cent of capitalization, the bill defines capitalization as including actual money paid in, actual property used or owned, and all surplus and undivided profits. Concerns having annual profits of \$5,000 or less would be exempt, as would profits derived from agriculture or from solely personal services such as the incomes of professional men.

The subcommittee framing the bill, which comprised Representatives Kitchen, Rainey and Hull, exempted agriculture on the ground that the farmer already is taxed heavily enough, and that it is impossible to tell how much a farmer has invested in his business. Excess profits laws in France, Russia, Great Britain and Italy exempt agriculture and personal services.

A foreign corporation doing business in the United States would be required to pay the excess profits tax the same as a domestic concern. The income tax methods of collection and assessment would be applied in collection of the new tax.

The inheritance tax increases would raise the rate on the minimum inheritances now taxable from one to one and one-half per cent, and would levy a new rate of fifteen per cent on those of more than \$15,000,000.

### WITHDRAWAL OF PERSHING FORCE BEGUN, REPORT

El Paso, Texas, January 19--It was unofficially reported by army officers that actual withdrawal operations were under way at El Valle, the southern outpost of the punitive expedition in Mexico and at San Juan, between El Valle and the field headquarters at Colonia, Dublin.

Predications that the entire expedition will begin its march to Columbus, N. M., within the next few hours, were made by army officers.

All leaves of absence granted to national guard officers and enlisted men in this district have been ordered extended thirty days by the War Department, it was announced here today. It is understood that the same order has been sent to all commands in the southern department.

The order was interpreted as an indication that the national guard troops would be sent home from the Mexican border soon.

All supplies hilled to Americans in the Casas Grandes, Colonia Dublin district and sent to Juarez for transportation over the Mexico Northwestern Railroad have been ordered held at Juarez and no further shipment of supplies will be made over this road for the punitive expedition.

Arrangements were also being made in Juarez today for sending all available freight cars to Casas Grandes to bring out the stock of goods and supplies from the stores of the American Mormons and others who have been supplying the American troops in Mexico.

A detachment of four empty motor truck trains of thirty trucks each from Columbus during the last twenty-four hours was taken here to mean early withdrawal. The piling of a number of large tents at Columbus for housing equipment; ordinance, merchandise and other army stores also was considered an indication of the early withdrawal and arrival of the expeditionary column at the field base.

General Pershing's troops will be disposed along the border with headquarters at El Paso and San Antonio, according to reports here and in Columbus today.

### ROOF FALLS IN AT CARLSLE

Carlsle, Ky., January 19--The roof on the old skating rink building fell in last night. There were several automobiles stored in the building but only one was damaged. The building is owned by F. C. Taylor.

### OF LOCAL INTEREST

Some People We Know, and We Will Profit by Hearing About Them.

This is a purely local event. It took place in Maysville. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word. To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Then one you know nothing about. Endorsed by unknown people. George H. King, prop. grocery, 815 E. Second St., Maysville, Ky., says: "I have used Doan's Kidney Pills off and on for several years, getting them at Chanlor's Drug Store, and I have been greatly benefited by them. Sometimes, my kidneys have been out of order and the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. Whenever I have been in that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack in great order."

Mr. King is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches--if your kidneys bother you, don't simply ask for a kidney remedy--ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. King had--the remedy backed by home testimony, 50c all stores. ### REPUBLICANS OPPOSE PROMOTION OF GRAYSON

Washington, January 19--Strong opposition developed today among Republicans of the Senate against confirming President Wilson's nomination of Dr. Cary T. Grayson, his naval aide and physician, for promotion from the grade of lieutenant commander to rear admiral, over the heads of more than 100 ranking officers of the navy's medical corps.

Some of the Republican leaders say the nomination never will be confirmed and others that there certainly will be a vigorous fight against it. One of the five nominations for rear admirals, sent in yesterday, that of Chief Naval Constructor David W. Taylor, was confirmed soon after it was received. Action on all the others was delayed.

### THOSE AWFUL CRAMPS

Suggestions that may save Much Suffering

Marysville, Pa.,--"For twelve years I suffered with terrible cramps. I would have to stay in bed several days every month. I tried all kinds of remedies and was treated by doctors, but my trouble continued until one day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for others. I tried it and now I am never troubled with cramps and feel like a different woman. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly and I am recommending it to my friends who suffer as I did."--Mrs. GEORGE R. NAYLOR, Box 72, Marysville, Pa.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Only women open and read such letters.

### You save money on rubber footwear with the RED BALL

You save because you get more comfort and more actual days of wear and service than from any other footwear you can buy. Rubber boots, arctic, knit boots--"Ball-Band" quality is always the highest. That is why we recommend it and sell it. Get the kind with the Red Ball. You'll find it on all "Ball-Band" footwear.

THE UNIVERSAL CAR

## Announcement

The company is many thousands of cars behind their orders. The railroads are unable to deliver rapidly enough on account of shortage of freight cars. On account of these conditions, which are the worst I have ever had to contend with since being in the automobile business, the company will not ship cars to a dealer unless he has orders for the cars signed by customers who are waiting for cars.

The tremendous demand will continue throughout the winter in the south and southwest, and the shortage in this part of the country in the spring will be the greatest ever known.

I have already sold and delivered one-half of all the cars I contracted for the 1917 season. I have orders on file for 25% of all the cars the company will ship me between now and August 1st. The man who waits till spring to place his order for a Ford will not get his car till mid-summer or next fall. Therefore, if you want a Ford car this year, place your order now and take the car as soon as I can deliver. Don't wait.

## CONGRESSIONAL LEADERS

Plan Big Stick Drive for This Week—House and Senate Forces to Concentrate on Legislative Business With Least Probable Transfer.

Washington, January 21.—With the peace note link investigation transferred to New York administration leaders in Congress are breathing sighs of relief because the attention of members generally now can be concentrated upon the clogged legislative program. House and Senate leaders are just as anxious as President Wilson over the press of important business remaining on the calendar with the session half over and there is no secret made of the fact that all of them earnestly desire to avoid an extra session of the Sixty-fifth Congress, if it possibly can be done.

Tomorrow responding to the President's personal appeal for action at this session on important legislative proposals, the steering committee of the Senate will meet to arrange a program for the remainder of the session, and for longer day and possibly night sessions. A caucus of Democratic senators will be called later in the week to ratify the steering committee suggestions.

**Railroad Legislation to Front**  
Democratic leaders agree that some sort of railroad labor legislation should be enacted and this subject be given the right of way over pending water power legislation before many days. The Senate Interstate Commerce Committee is expected to meet early in the week and Senator Newlands, disappointed at the refusal of the committee to recommend a strike prevention measure, will endeavor to unseat the President's bill into position for reconsideration. Even if another vote is had on the subject, opponents of the bill think the committee will not change its attitude.

**Senate Leadership in Doubt**  
In addition to the press of legislative business there is a spirited contest just now among Democratic senators over the majority leadership to be relinquished by Senator Kern March 4. When the new Senate meets in extraordinary session immediately after adjournment to pass upon the President's cabinet the selection of a new leader probably will be pressed. A real contest between southern and western Democrats has been simmering for several weeks. Senator Walsh, of Montana, is the candidate of the westerners for the leadership and Senator Martin, of Virginia, the choice of the southerners.

Revenue legislation soon will be before the House for action. The revenue program, shaped by the Democrats of the ways and means committee, who will report to the House after submission of the new bill to the Republican minority of the committee, provides for \$239,000,000 in bond issues to meet preparedness and other expenses, and for the raising of \$236,000,000 by an eight per cent tax on excess profits of business and by an increase of approximately 50 per cent in the inheritance tax rate.

The House will have another fight early this week over the river and harbors appropriation bill.

## RECOGNITION OF POLAND BY U. S. PETITION TO WILSON

New York, January 21.—Resolutions calling upon President Wilson to take immediate steps for the recognition by the United States of the government of the Kingdom of Poland, which, in accordance with international law and on territory liberated from occupation by the Russian military, already has begun its work for the welfare and happiness of the Polish nation, were adopted here today by the Polish National Defense Company.

## MAN OF MYSTERIES

Eugene Laurant, Noted Magician, Will Give Entertainment in the Maysville High School Auditorium On Next Monday Night—Will Present Splendid Program.

This season is to mark a real epoch in the career of Eugene Laurant, "The Man of Mysteries," who will be the attraction on the High School by-gone course tonight. His Lycium program will be made up of latest wonders in magic, large illusions, impersonations and musical numbers,

LAURANT OPENING HIS ACT.

the whole staged and costumed in a very elaborate manner. During the intermissions musical numbers will be presented by the Laurant Instrumental Trio.

In Laurant's new program live pigeons are seen suddenly to appear in midair and are deftly caught by the magician. Next a human skull, after being freely shown for careful examination, is placed upon a sheet of glass. Soon it seems endowed with life, answering questions in a most wonderful way.

In the illusion "The Phantom Bride" a beautiful young maiden, in bridal attire,

"PHANTOM BRIDE" ILLUSION.

is placed by the magician in a hypnotic sleep. At his command she slowly rises until she is seen to float in midair. Then while floating in space she is suddenly made to vanish, leaving behind only a bridal veil.

## BRITISH MENTIONS CONTRACT EXPLAINED

Washington, January 21.—Secretary Daniels issued a statement today explaining and defending his action in awarding to Bradford Limited, a British munitions company, contracts for projectiles at a price about \$200 each below the lowest American bid. The statement is in reply to published comment upon the contract, which Mr. Daniels says "convince me that a candid statement of the experiences of the department in obtaining shells equal in quality to those used by foreign navies at a reasonable price is necessary to enable the public to understand what has been going on."

Referring to a report in certain American trade journals that the British Government had urged Bradford to seek this contract for the purpose of creating a panic in the American steel market, and a reluctant reduction in the export price of American steel, the Secretary said "that is patent absurdity," as such an order would have no appreciable effect upon the market.

Mr. Daniels said the Bethlehem Steel Company, which "has been filling the papers with advertisements declaring the department's admitted failure to make satisfactory shells on a contract awarded two years ago."

"Until it is able to fill its contracts," he added, "it does not become the Bethlehem Company to criticize the Navy Department for awarding contracts to manufacturers who can make shells that meet the tests."

## FEATURE WEEK AT THE PASTIME

The Pastime has booked some very attractive features for this week, starting today with Henry B. Walthall and Mary Charleson in "The Truant Soul." Tuesday Helen Holmes in "Whispering Smith," sensational railroad feature. Wednesday, "The Girl From Frisco." Thursday, Charlie Chaplin. Friday, Pearl White in "Pearl of the Army." Saturday, Helen Gibson.

## SUPERVISOR'S REPORT

The Maysville Market sold a total of 1,879,465 pounds of tobacco during the week at an average of \$17.48. The market closed strong in all grades. The weather has caused receipts to drop off, while all houses have cleaned up and are ready to receive all tobacco that may come at any time.

W. MITCHELL, Supervisor.

## CHURCH NOTES

The Aid Society of the Christian Church will meet this afternoon at 2 o'clock at the home of Mrs. Harry Harkley on Forest avenue.

The Rev. W. H. Campbell, pastor of the First M. E. Church, South, is giving a special series of sermons, evangelistic in nature. They will lead up to Easter.

The Rev. M. A. Hopkins of Lexington, Ky., preached at both services at the Central Presbyterian Church yesterday. As yet no choice has been made for a new pastor.

Mr. John R. Cochran of the county was ordained deacon at the First Baptist Church yesterday morning. A very interesting program was carried out, all of the deacons in the church taking part in the exercises.

The Rev. G. H. Harris, rector of St. Peter's Church at Paris, Ky., and former pastor of the Episcopal Church of this city, conducted the services at the latter place yesterday morning and evening. Mr. Harris gave two splendid sermons.

The services at the Forest Avenue M. E. Church were held preparatory to the revival services beginning in that place on next Thursday night. The pastor and people are expecting a great revival and are praying much for a successful outcome.

## 3 COMPANIES KENTUCKY GUARDS START HOME

Frankfort, January 21.—Three companies of the Kentucky National Guard, now on the border, left their camp near El Paso yesterday for Kentucky, Adjutant General J. Tandy Ellis announced last night, following receipt of a telegram from the border officials.

The companies are those from Hopkinsville and Frankfort, and one from Louisville, of which John McDonald, a former student at the University of Kentucky and Major of the student battalion, is First Lieutenant.

The companies are expected to reach home Saturday. They were requested by Governor Stanley and General Ellis for State protection in cases such as that recently at Murray, when a mob threatened the lives of the Circuit Judge and the Prosecuting Attorney, and for possible trouble when the case of the alleged murderer of Duwald is called February 5.

## TWO MISTAKES

In Saturday's Ledger we make two mistakes in the reports of the houses selling tobacco. We are very sorry that this happened but it was carelessness on our part in the proofreading.

In the report of the Liberty House we gave their sales as 26,280 pounds, leaving off the figure 1 before the number. The sales should have read 126,280. The Liberty House is selling a great deal of tobacco and all of it at top prices and we sincerely regret the mistake.

In the report of the Planters House we gave the average as \$18.00. This should have read \$18.63. This was one of the top averages of the season and the managers of the house feel justly proud of it.

## PORTER DESTROYS BOMB; IS INJURED IN ESCAPE

New York, January 21.—A crude bomb made of a tin can, containing several pounds of powder, bolts and slugs, was found today under the stairway leading to the Manhattan Street elevated station of the subway. The fuse was burning when Francis Jones, a subway porter, saw it.

He quickly threw a pail of water on the bomb, and then in his haste to escape, fell down the stairway. He was injured so severely he had to be taken to a hospital.

The bomb was taken to the combustible bureau by the police.

## EPIDEMICS TAKE DOCTORS' PAIN-ESTINE CITIES HELPLESS

Washington, January 21.—Cholera and typhus have claimed so many victims among the physicians who have been fighting epidemics in Palestine, that some of the villages have lost their last medical men and in the other cities few physicians remain to cope with the situation, according to a statement made public here tonight by Hadassah, the women's Zionist organization in America.

## ICE GORGE FLOODS TOWN

The heavy rains of yesterday caused a great rise in the Northfork and the creek as usual, went on a rampage. There was a great deal of ice in the creek and at Murphysville this became lodged against the bridge. A good sized gorge was soon formed and the water backing up behind it was soon in the street of the village. A number of the houses were flooded. The condition of affairs is somewhat better this morning.

Hon. John P. McCartney of Flemingsburg, accompanied Mr. John Fallon of that county to Marion, Ind., yesterday, where they went to bring suit against a railroad for the killing of Mr. Fallon's son, who was a brakeman.

Mr. John P. Adair left yesterday for St. Louis, Mo., after spending several weeks here with his mother, Mrs. Sallie Adair of West Second street.

Mrs. Howard B. Hart of Lexington has returned to her home after an extended visit with her mother, Mrs. R. A. Carr of East Third street.

Loyalty stands true and judges afterward.
